ONE-SIDED GAME. Detroit's "Tigers" Failed to Score Till the Sixth Innning.

Special to the Indianapolis Journal. DETROIT, Mich., Aug. 16 .- Splendid hitting at opportune times won for Indianapolis to-day and up to the sixth inning it looked like a shut-out. Phillips was very effective, two hits in five innings netting nothing, but Indianapolis had twelve runs when Detroit started scoring, so there was never a doubt, not even a possibility. Whitehill was easy and shirking by his support made it much less trouble for the coming champions to win.

Hogriever's hit, Roat's sacrifice, Newmin's muff of Canavan's fly and Mc Carthy's hit brought in the first pair. Woods's sacrifice, McFarland's double and Phillips's single earned two in the next inning. Phillips forced McFarland out in the fourth and Hogriever and Roat batted him home. The fifth saw a batting cyclone. Motz made a scratch hit and McCarthy. Newell and Woods singled. The next two went out. Hogriever and Roat singled and Canavan hit the ball out of the lot. Seven runs and all earned tells the tale of this inning. In the seventh Hogriever's double and Canavan's single scored the thirteenth run. Pears and Newman singled and Dun- Whitehill yesterday. Every Hoosier also gan hit for two bases in the sixth. New- scored one or more times. man's triple and Dungan's sacrifice earned the next run in the eighth. The last inning saw Twineham and Gillen hit for bases and Campau for two. This ended the business. Roat, Canavan and Gillen played splendid ball all through. Attendance, 700,

Its track was everywhere marked by great loss of life and destruction of property, and, as the catastrophe was followed by a heavy rainstorm, inundations added their devastating effects to the havoc wrought by the wind. It is calculated that over one thousand people were killed or drowned. Ujina, the town that served as a military basis during the recent war, felt the full force of the tempest. The place was completely swammed by the sea, and over 160 boats were smashed. Among those boats were 120 belonging to the army stores department. They were laden with supplies destined for the use of the troops in Liao

COOPER'S FAST WORK

EASILY DEFEATED BALD IN TWO RACES AT MARINETTE.

Bliss Makes an Old-Time Spurt in Mile Handicap and Wins-Coming Bicycle Meet at Wabash.

Special to the Indianapolis Journal. MARINETTE, Wis., Aug. 16.-Favorites were bowled over in the races in this city to-day. It was the first day of the annual meet of the Wisconsin division. The track was fast and but a slight wind blew. Bald was twice beaten by Cooper, of Detroit, in the half mile in a good, clean-cut win, and by Cooper and Murphy in the twomile. Six men started in the two-mile race and Murphy caught the tandem. Bald, Kennedy and Cooper followed him. The last quarter was passed in the order named. Murphy was figuring for the race and was prepared to jump on the inside of the tandem when it should withdraw. Bald had his front wheel outside the tandem and would have had to turn wide, but too great to be overhauled. Three lengths separated Cooper and Murphy at the fin-3 ish, and Bald was back, with Kennedy a strong fourth. Twelve men went away in the half. Pacemakers were called down at the request of the men who wanted to ride the race in one heat. Kennedy had the lead when over a quarter from the finish Cooper again sprung into that jump and was leading at the quarter by a length. Bald made a game effort to overhaul the man, but although he closed up six lengths coming out of the bunch, could not do so. A half length separated the men and Cabanne and Murphy were lapping the rear wheel of Baid, Cabanne being given the third position. This Murphy progiven the third position. This Murphy pro-tested. The mile handicap field closed well at the half and rounded into the stretch in the lead. Bliss had a snug position in the bunch and came away for home with one of his old-time winning sprints. His victory was well earned, for he had the race won at the tape by three lengths, and Brown ran second, although the officials gave the position to Kennedy, who had come forward with a great jump in the last twenty yards, but failed to secure the place until just as the tape was crossed.

Two-mile, open, Class B-Tom Cooper won: Murphy second, Bald third, Time, 4:30, Kennedy, Patterson and Steele also rode in the order named. Half mile, open, Class B-Tom Cooper won; Bald second, Cabanne third, Murphy fourth, Time, 1:07, Kennedy, L. C. John-

Special to the Indianapolis Journal. WABASH, Ind., Aug. 16 .- The Dragon Cycle Club's meet in this city on Thursday, Aug. 22, will be the principal sporting event of the year in this county. Its success is Baltimore 8 0 0 0 0 0 2 *-12 assured at this early date. There are already one hundred entries, cyclists from all parts of Ohio, Indiana, Illinois and Michigan having signified their intention of attending. The local club offers \$1,200 in prizes, including eight diamonds and watches. The meet takes place at the fair grounds, and the track is the best half-mile stretch in northern Indiana. There will be nine Class A and two Class B races, and it is confidently expected that there will be at least 150 entries by Monday. Among the attractions will be Lee Richardson, the Chicago trick rider; John Lawson, the "Terrible Swede," also of Chicago, and "Baby" Bliss, who weighs five hundred pounds, and who rides a twenty-four pound wheel.

TWO YACHTS RAN AGROUND.

Niagara and Corsair Went Too Close Ashore-Races Not Completed. RYDE, Isle of Wight, Aug. 16 .- The annual race around the Isle of Wight, under oats, corn and other grain, has closed its elevator, the reason assigned being the substitution of electricity for horses on street cars and the displacement of horses by bicycles. The changed conditions, the manager says, have made it impossible to conduct the business at a profit.

the auspices of the Royal Victoria Yacht Club, for the commodore's cup, for two classes, to have been sailed to-day, was a fizzle. Niagara soon after starting grounded on a sand bank, and assistance was sent to her as the tide was receding. Niagara

remained aground for about half an hour, after which she was floated and returned to her anchorage. Captain Barr said Niagara was not injured. Mr. Howard Gould's yacht, he added, was to windward and leading when she struck a hard bump. Her boom was swung over, and everything possible was done, but without success, to get her off in time to resume racing to-day. A few minutes previous to her grounding, the lead line, which was kept constantly going, had recorded three and one-half fathoms of water. The sand bar, it appears, rises almost perpendicularly, and has pears, rises almost perpendicularly, and has been the scene of many disasters.

The races eventually turned out to be a flasco, owing to the adverse tide and the fact that there was no wind. Britannia abandoned the attempt to round the Isle of Wight, and put back for Ryde. Corsair ran aground, and remained fast ashore, in spite of the efforts made to float her, and the coast guardsmen were compelled to put out to her assistance. The other yachts not being able to make headway, anchored in disgust.

Annual Canoe Regatta. BLUFF POINT, N. Y., Aug. 16.-The fifteenth annual regatta of the American Canoe Association will begin here on Monday next. Already the canoeists are beginning to arrive, 150 being now in camp and fifty more are expected to-morrow. Many of the fast paddlers are in camp, training for the races on Monday. Paul Butler, a son of the late Benjamin Butler, who is a crack canoeist, brought to camp a new craft of novel design and hopes to be able to take some of the prizes. The central division of the association will hold a meeting Saturday. It is thought that Commodore Wetherbee will be reelected and it is probable that Bluff Point will be chosen as the place of the next meeting.

WHERE ITS GOLD COMES FROM.

The Bond Syndicate Has Secured the Output of American, Mines. NEW YORK, Aug. 16 .- In view of the discussion that is now going on in the newspapers as to the government bond syndicate's source of gold supply, it might be well to state that since its formation the syndicate has endeavored to secure for the United States Treasury the great part of the output of the gold mines throughout the United States. It has not paid a direct premium for gold bars, but it has, as is usual with bullion dealers, paid the expense of transferring the gold from the smelters to the government assay offices, and sometimes has divided these expenses with the sellers of bullion and has paid the usual brokerage to bullion dealers for securing the gold bars. By this means, it is believed, the syndicate has secured bars to the amount of over \$3,000,000 at no greater cost than the normal difference in value between coin and bullion. The greater part of this gold has been represented by assay of this gold has been represented by assay office checks given in payment for the bars and these checks are now being turned into the subtreasury, legal tenders being ac-cepted by the syndicate in payment there-

Gold Reserve Now \$102,151,968. WASHINGTON, Aug. 16.-Late this afternoon the treasury officials were advised from New York that \$300,000 in gold had been withdrawn for export, which leaves the gold reserve at the close of business and sold to bookmaker Billings for \$600, but | to-day \$102,151,968. The treasury officials were agreeably surprised at the smallness of to-day's withdrawals and this, added to the reduction of foreign exchange and the reported abundance of foreign bills now on the market, gives a hopeful aspect to the situation. Indeed the opinion is free-ly expressed that the worst is over, and that there will be few if any more heavy shipments during the remainder of the

> No Cause for Alarm. BALTIMORE, Aug. 16. - Gen. Alexander Brown, who formed the sub-syndicate in Baltimore to co-operate with the Morgan-Belmont syndicate in furnishing the gold for the last issue of bonds, commenting on the gold export, says there is not the slight-est cause for alarm. The syndicate has the situation well in hand, and will keep the Treasury gold reserve intact. "As regards the talk of another bond issue, I do not think there is the slightest foundation for it. The rates for exchange are already beginning to weaken, and I firmly believe that the shipments of gold are nearing an end."

Do Catholies Object? SPRINGFIELD, Ill., Aug. 15.-Assistant Attorney-general Newell to-day gave his opinion that the new law requiring the United States flag to be placed on public buildings and schoolhouses did not apply to so-called parochial schools or to Sunday schools under the charge of religious denominations where religious instruction is imparted. While declining to discuss the bookles" along by winning the fourth and | constitutionality of the act he declared the Senate bill to be a vicious one,
